CHAS. A. HOLCOMBE'S COLUMN.

DR. JOHN BULL'S Great Remedies.

DR. JOHN BULL'S Concentrated Extract of BUCHU

BUCHU COMBINED WITH Bromide of Potassium.

Purchase a Bottle and carefully read directions.

BUCHU IS A STIMULANT, and of itself may fail to effect a cure, but Buchu, when scientifically combined with Bromide of Potassium and other ingredients, has a decided, active effect, and causes a healthy perspiration.

It is a safe, reliable medicine, and Pain in the Back and Legs, Trembling and Convulsions of the Nervous System, Rheumatism, Dyspepsia of the Skin, Scrofula, Syphilis, in its many forms, Ulcers, and Tumors.

If your system is affected by any of the above diseases and disorders, relief is at hand. Get a bottle of my Buchu and Bromide of Potassium tincture and you may rely on being cured.

I know just what I say. My record as a Conqueror of Disease is second to no man in the Southwest.

Twenty-five or thirty years ago, as my fellow-citizens knew full well, found me here in the most desolate country in the state in which I now live. I have cured more people of various diseases than all the physicians in Louisville put together. Undoubtedly, for every single patient that any Louisville physician has had, I have had no upstart of yesterday. My Medicines are a success—a great success.

Louisville is large enough for me to have a competitor, and monotonous, but my Patent Medicine is sold here. One and another has tried, by copying after me here in Louisville, to compete with me, but, one after another, their guns have been silenced, and their names have been forgotten.

My Medicines are good and answer the purpose—that is the secret of my success. My reputation as a competent and good, reliable physician is perfectly established.

I have my Buchu and Bromide of Potassium is the best article now in the market for the cure of all diseases of the urinary or genito-urinary organs, such as Calculus of the Bladder and Urethra, Inflammation of the Pelvis of the Kidney, and all that class of diseases.

Buy a dollar bottle and be cured. Use as per directions in all cases.

JOHN BULL, M. D.

Manufacturer and Vendor of the CELEBRATED

SMITH TONIC SYRUP.
FOR THE CURE OF

AGUE AND FEVER
on
CHILLS AND FEVER,

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the same, certain, speedy, and permanent cure of Ague, Fever, Chills and Fever, whether of short or long standing. It refers to the entire Western and Southwestern country to be the highest in efficacy of any truth that can be told. There is not an equal to it in the world. I have a single case, though all fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for the entire family, which have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to do so. If the disease is in small cases for a week or two after the disease has been checked, more especially in difficult and long standing cases. Usually, this medicine will not require any aid to keep the bowels in proper order; when the patient however, requires a cathartic medicine, after having taken three or four doses of the tonic, a single dose of BULL'S VEG. ETBALE FAMILY PILLS will be sufficient.

BULL'S WORM DESTROYER.

Extract of a Letter from Georgia.
VILLANOW, WALKER COUNTY, Ga., June 29, 1856.

Dr. John Bull—Dear Sir: I have recently given your Worm Destroyer several trials, and it is a perfectly efficient medicine. It has not failed in a single instance. I am doing a pretty large country practice, and have daily use for some articles of the kin.

I am, sir, very respectfully yours, JULIUS P. CLEMENT, M. D.

P.S.—So unequalled and numerous are the testimonials in favor of my Worm Destroyer that newspaper space is entirely too

small for them. If you will give me a dozen lines, I will publish them in full.

ST. LOUIS, April 29.

Dr. John Bull—Dear Sir: Knowing the efficacy of your Worm Destroyer, and the healing and beneficial qualities it possesses, I send you the following statement of my case:

I was wounded about two years ago—was taken prisoner, and confined for sixteen months. Being recovered so often, my wounds have not healed, and I have had a moment since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsona than in anything else. I wish that that is genuine. Please express me half a dozen bottles, and oblige.

Carr. C. P. JOHNSON,

BULL'S PETTOLAR WILD CHERRY.

BULL'S CEDRON BITTERS.

BULL'S VEGETABLE FAMILY PILLS.

All the above medicines prepared by Dr. John Bull at his laboratory, Fifth Street, Louisville.

SATURDAY, APRIL 20, 1872.

HICKMAN Moving for a Rail-road Southward.

Our Substantial Citizens at Work and Active Movements on Foot.

The building of a railroad from Hickman, leading southward, through the counties of Obion and Dyer, has been a prospect long contemplated and desired by our most substantial citizens, and is one of more importance and pressing necessity, than all others contemplated, or within the range of possibility. The intimate business relations which have existed from time immemorial between the two and the section of country he becomes part of, stand to him as dear as life and community.

The most practical plan, now, appears to be, to obtain an alliance with the Holly Springs and Brownsville railroad, so as to secure the terminus of that road at Hickman. This road runs precisely the direction desired, and is lagging towards completion for want of the very aid which we, as its northern terminus, would be able to secure. Besides, it is demonstrable, that the Holly Springs and Brownsville road, would here find connections equal to, and in many points superior, to any place heretofore contemplated by its managers. Besides its Mississippi river connections, and with the Nashville and Northwestern, a direct rail connection with St. Louis may also be set down as a positive fact. Indeed, we hear that, at both the St. Louis and Iron Mountain, and the Nashville and Northwestern roads would take liberal stock, to secure the extension of the Holly Springs and Brownsville road to this point. We are, also, advised, that the route terminating at Hickman would be both shorter and cheaper than the lines heretofore contemplated. But of these facts we shall have more to do in subsequent articles.

Mr. J. W. Powell, of the grocery house of Powell & Bro., has just returned from a business tour through Obion and Dyer counties and reports that the people along the line of the proposed road, are unanimously and enthusiastically in favor of extending this road to Hickman, and that many of the most substantial citizens of Obion, assured him that liberal stock would be taken. This is the talk of substantial citizens, reported by a man, whom the business community well know deals in no extravagations or visionary projects. The citizens of Obion, Dyer and northern Gibson, are willing and anxious to find a railway outlet for their produce and trade at Hickman, and will contribute liberally towards the enterprise.

WILL THE CITY OF HICKMAN DO HER PART?

The great advantages of this road to Hickman as a town can not be estimated on paper, but will be readily appreciated by each and every one of our business men, at all acquainted with the nature of our trade, and the geography of the country which surrounds us. We wish to guard against any visionary calculations, but to deal exclusively in practical facts, such as address themselves to the business interest of our town and people, for if the road is built it must be done by the solid, practical men of the country. Besides, it needs no argument to convince our public of the immense advantage, which will accrue to Hickman, from a road striking through the rich counties South of us, and forming an outlet to the great West and the great South.

Hickman should, and we are confident will, leave no effort unmade, to secure the construction of this road through them.

The city of Hickman has put itself in communication with Mr. Smith, the President of the Holly Springs and Brownsville road, and if favorable connection can be made with said road, which private sources say can be, active measures will be at once inaugurated. The town of Hickman will be called upon for aid, and liberal aid too.

Hickman to day, comparatively speaking, is better prepared than any of her neighbors, to subscribe stock to public enterprises. This may be astonishing to those in the habit of looking on the dark side of the picture, but it is none the less true, and yet we do not pay one half the tax borne by other places. For instance, Columbus pays three per cent, and Hickman only one and half; Paducah, we are informed, pays four and a half, and Union City, where her voted subscriptions are levied will exceed either. Besides the taxable wealth of Hickman exceeds either, except Paducah, more than \$200,000. The point is, that notwithstanding our neighbors pay double the taxes we do, they yet prosper, and give as much or more substantial evidences of prosperity and improvement as Hickman.

Taxes when they bring increased advantages in trade, such as for a rail-road from Hickman, south, through Obion and Dyer, instead of proving a burden, are a relief and blessing. The man who by increased advantages sells one hundred thousand dollars worth of goods can better afford to pay three per cent tax, than he can one and a half when he sells only ten thousand dollars worth. Whether the proposed road will bring these increased advantages, is a question for the tax-payers to determine. We believe it will, and we are supported in this belief by the opinion of many of our oldest and best business men.

We say to our friends at Troy, and to the people generally of Obion and Dyer, along the proposed line, that Hickman is in earnest in her desire and determination to have a railroad connection through your territory, and will do all in her ability to secure it. A sense of gratitude to the trade which has for so many years sustained Hickman, aside from our vital interests demands that we should make every exertion for this enterprise, and we know that the people of Hickman are anxious and willing to do so. Some of our citizens are actively engaged in it, and in a few weeks we hope to ENRY A. TAYLOR, Agent, will call upon a sure, sub-

stantial basis.

THE Colored National Convention, in session at New Orleans, last Monday, adopted resolutions complimentary to President Grant, Senator Sumner and Vice President Colfax.

GRANT declares that he will not lift a finger to secure his renomination. Probably not, but he does not fail to lift it every federal office holder who omits to work for it.

GEN. JOHN C. FREMONT.—It is understood will come out in a day or two in support of the Cincinnati Convention.

JUSTIFICATION OF A KLEPTOMANIA.

In Brighton, England, a dry goods clerk was lately tried for stealing "about £100 worth of goods from his employers. He had been in their service only nine months, and had taken no fewer than £582 articles which he had deposited in eighty seven different pawnbrokers shops. He kept a faithful record of every thing he had taken in a memorandum book, which was produced at the trial. He seemed to have been imbued with the strictest business principles, but his own defense is the most curious part of the whole case. When asked, what he had to say, he replied.

"I cannot say anything about the diary. I look upon it as something horrible. As to my taking all these things, I can only say that I was suspected when I didn't deserve it, and that made me guilty. I was treated with injustice on several occasions; there is one case I should like to mention. Simply because I was ~~too~~ ~~too~~ behind the others, I was deprived of having a cup of tea. I attended a theatrical performance myself, and the customers to please them. That is just what an employer wants, and looks for, and if he does not get it the assistant may go about his business. You have to steer between Scylla and Charybdis in business. I am extremely sorry for what I have done, and should like to offer something in reparation if I could."

Grant's MORMON CRUSADE IN-TERRED WITH.

[Special Telegrams—Independence of the Courier-Journal.]

WASHINGTON, April 15.—The United States Supreme Court to day rendered an important decision, which for the present at least will furnish a solution of all the troubles in Utah. It will be remembered that Judge McKeon, of that court, sought to break up polygamy in Utah Territory by arresting and trying the Mormons under an act of Congress, which punished cohabitation, etc. This law was of course passed by the local legislature to protect polygamy and to punish it, but this new Federal judge sought to use it as a means of attacking the religious practices of its original intent. The case was appealed, and the Supreme Court unanimously decided to reverse the decisions of McKeon. The imprisoned Mormons are all to be released. It is further understood that McKeon will be removed.

THE RAILROAD MONOPOLY.

Monday the House passed the Depôt Bill, granting the immense square of land south of Pennsylvania Avenue, to the Baltimore and Potomac Railway Company, for the site of a passenger depot, thereby causing the complete overthrow of all prospects of the beautiful public park, and spoiling the beauty of the city and its interests for a party of rich monopolists, and stealing from the public at least a million and half dollars worth of land.

The bill to extend operations of the fourth section of the Kuklux act to the end of the present Congress, whereby the writ of habeas corpus may be suspended by the President, will come up for consideration in the Senate on Monday next.
